## Automatic 12 Volt 1.5 Amp Smart Charger/ Maintainer/ Rejuvenator

### Specifications:

Model Number	9004A
Type	Automatic
DC Output	12 Volt
Continuous Rating	1.5 Amp
AC Cord	6' 18 AWG
DC Leads	6' 18 AWG
Warranty	One Year Limited
Weight	1 lb.
Shipping Dimensions	10.5" x 3.38" x 8.25"

# Product Bulletin

## MODEL 9004A

### Features:

- Fully controlled by Microprocessor Automatic Charge & Maintain
- Internal overheat protection
- Ultra-low power consumption (ECO mode)
- Multi charge stages
  - Qualification – battery condition check
  - Battery rejuvenation – Patented
  - Soft start
  - Bulk Charging
  - Absorption charging
  - Voltage analysis
  - Float mode
  - Long term maintenance pulse charge
- Short circuit and reverse polarity protection
- Output clips and ring terminals provided – quick connect fly lead and 2 different kinds of connectors, clips and ring terminals
- Foldable smart hook to hang or wall mount during use
- **Safe for all 12V lead acid battery types - Conventional, AGM and Gel Cell**
